Quick Quotes

PRESENTED BY

Q. Obviously today was a little different. Did you feel anything different in your putting from yesterday to today?

DUSTIN JOHNSON: No, I still rolled it good. Early in the round hit a couple just a little too hard, high-side lip-outs. Then made a couple putts.

But I hit it pretty well, gave myself present of opportunities. The only two bogeys I made, I actually hit good shots off the tee. I was trying to leave it short of the bunker on 10, and I think we got a wind switch because it flew way too far. I was trying to leave it short of that bunker and it flew up in it and didn't have the best lie. Then 12 I hit it one foot into the first cut and had mud on it. Thought I was going to move it right and it went straight. Just made two kind of easy bogeys.

But obviously this golf course you can do that.

But still pleased with the way I swung it, drove it pretty well, and gave myself a lot of chances. That's all you can do.
