Q. Obviously must be pretty pleased with the way it turned out today. Gave it a nice run.

BROOKS KOEPKA: Yeah, not really hitting it great, but kind of tried to figure out how to finish second because first was obviously out of reach and kind of found some things the last couple holes, which was good momentum to build on for, I guess, the next month.

Q. What did you find?

BROOKS KOEPKA: I don't know, it's tough to explain. Just the way the setup was and the way things were going. Just going back to, like, basics of setting the club down, making sure I was spot aiming the last six holes. I wasn't doing that all day. It was more of a spot aiming, picking something six inches in front of the ball and doing that. The start line was off. If I don't feel comfortable with my start line, I'll never hit it good. So it started to feel a little better.

Q. 1, 2 and 3 here in your three visits here. What is it about Singapore that you like?

BROOKS KOEPKA: It's a good golf course. The greens are good. They're good speed. It's a challenging course.
