Quick Quotes

**Q. Can you walk us through your round today and how the course was playing?**

CHARLES HOWELL III: Yeah, it was a good day. The golf course is hard. It's really hard and it's been a bit windier than in years past, I think.

Yeah, every shot kind of gets your attention around this place, so it's hard to kind of fall asleep out there.

**Q. Did you make any adjustments from round 1 to round 2? Is there anything you're looking to change headed into the weekend?**

CHARLES HOWELL III: No, honestly just keep playing good. Obviously Bryson is playing phenomenal golf and obviously Jon Rahm is up there, which he's played phenomenal the last couple years. So yeah, you see really hard golf courses like this and those guys' name come to the top. The scores Bryson is shooting now is really, really impressive, so it'll take two really good rounds to catch him.

**Q. How are you going to continue the momentum into the weekend? There are five of you sitting at T5. How are you going to break away?**

CHARLES HOWELL III: Well, you've got to drive the ball good around here. That's number one. If you drive the ball good here, you have every chance to play well, but you've got to do that, and if you do drive the ball well around here, you can play good, and we'll need a good round and some help from the leaders.
