TV Quick Quotes

Q. Bryson, not the way you wanted to win. I know you hated to see it.

BRYSON DeCHAMBEAU: Absolutely hated it for Richard. He's been playing some unbelievable golf. He's beat me in a few of the rounds I've played with him, and he's a stellar player. I wanted to go another hole with him. As much as winning is great, I have a lot of respect for Richard and the way he golfs his ball out there.

It was quite impressive; I was coming down the last three holes, like all right, I think I'm one ahead of everybody, and seeing Richard go and play the way he did finishing out, he's a real superstar, and the league should be really proud to have him on as a wild card.

Q. With your game and the shape that it's in right now and the golf shots you hit repeatedly this week, how important was it for you personally to get the W?

BRYSON DeCHAMBEAU: It was huge for me, especially with it being wet conditions and thick blades and struggling with my wedges. But to get it done was quite memorable and one that -- even hitting it in the water on the last hole for the playoff, G-Bo is like, Bryson, just go make par, that's all you can do. And we went and did that.

Q. I'm sensing a little bit of relief in this victory?

BRYSON DeCHAMBEAU: Oh, incredible relief. I haven't won in four rounds since the U.S. Open 2024. Being able to come through on a golf course like this that's super brutal and demands precision on every single shot, especially with the conditions changing, I couldn't be more happy for my team.
