## MIAMI 2024

**Q. A lot of guys at the top of the leaderboard that have not love a LIV event yet and you've got three of them. Does that mean anything? Does that give you any kind of advantage going into tomorrow?**

TALOR GOOCH: I mean, all the dudes that are here have won somewhere. Most of the dudes -- I haven't looked at the leaderboard, but I'm betting a few of those dudes have won major championships and Ryder Cups. No, everybody is a winner out here. Everyone knows how to win for the most part.

It's nice to have won that much recently. That's confidence boosting for sure. I'm confident going into tomorrow, and it would be nice to get the first win on home soil.

**Q. Was it a matter of the same thing today as yesterday in terms of your play?**

TALOR GOOCH: Yeah, it was similar. This golf course is hard. Yesterday was a little bit more flawless. Hit a couple more to gimme yesterday, but made a couple of putts at the end similar to yesterday and missed a couple of putts early similar to yesterday, so a lot of similarities. Hopefully we can keep the ball-striking going and play well again tomorrow.

**Q. How much more confidence do you have in a final round, especially when you're in the mix as opposed to say three years ago?**

TALOR GOOCH: Yeah, I mean, loads more. Way more comfortable in that situation. I've been there. I've done it. I've not done it. I've done it in different ways. I've not done it in different ways. Experience is everything in those moments. I've had a lot of experience the last few years, so I'm very much more comfortable now than I was three years ago.
