TV Quick Quotes

Q. Marc, you go about your business in a quiet way but everybody knows how good you are. To win your first event here on this golf course, beating that leaderboard, what are the thoughts going through your mind?

MARC LEISHMAN: Yeah, it was an unbelievable leaderboard. I saw all the guys right behind me and I knew the holes I had to finish off on. Played probably some of my best golf I've ever played today, especially coming off Singapore a couple weeks ago where I think I beat three people. Confidence wasn't overly high. But I knew things were looking pretty good. I was playing good golf and showed that today.

To win out here, you're playing against top fields every week, so yeah, still just letting it sink in.

Q. You have a friend at home who's battling some health problems. Were you thinking about him out there today?

MARC LEISHMAN: Yeah, Rick, he's struggling at home. I know he's fighting very hard. Hope this put a smile on your face, Mate, and I'll have a beer for you tonight.
