TV Quick Quotes

Q. Tyrrell, beautiful round of golf today. Is the confidence growing each day?

TYRRELL HATTON: I wouldn't say it is. There were some good shots today. I feel like there were some poor ones in there, as well, which is disappointing.

Obviously it wasn't as windy, and it was the opposite wind direction, but it felt like the greens were definitely a bit softer and slower in places.

But I holed some nice putts inside 10 feet, especially for par on the back nine. Overall, I'm happy enough with today.

Q. Does anything change in your preparation for tomorrow when you're in this position, when you're playing a course that is this mentally exhausting?

TYRRELL HATTON: Yeah. I mean, a lot can happen around here. The first three days have been great. I would love to keep playing well. I'll certainly try my best tomorrow, and yeah, hopefully I can finish well.
