Quick Quotes

**Q. Obviously talk about your ace for a second and how you felt.**

DUSTIN JOHNSON: Well, obviously it's always cool to make a hole-in-one. The previous two days I had hit really good shots, just did not turn out good. Today when this one was in the air, I was like, this is as good a shot as I can hit; if it's not good, I don't know what to do. And it went in the hole. Obviously it was a bit lucky to go in, but I hit a really nice shot.

**Q. How about bouncing back from your opening 76 and momentum going into tomorrow?**

DUSTIN JOHNSON: Yeah, I know it's weird, but I didn't play bad the first day. It was like everything that could -- missed quite a few putts and hit a lot of good shots and ended up in bad spots. Yeah, I didn't feel like -- it was a really easy 5-over. Then obviously came back and played really nicely the last two days.

Even today, I know I shot 7-under which is a really good score, but I played the par-5s even.

Yeah, I'm happy, obviously very happy with the score and very pleased with how I'm swinging the golf club.
