TV Quick Quotes

**Q. As Tyrrell gets congratulations from CEO Scott O'Neil. Tyrrell, how much of a battle was it out there today and this week?**

TYRRELL HATTON: Yeah, I found today really stressful. I feel like I hit a lot of good iron shots that didn't end up on the green. Obviously you saw a lot of pretty angry reaction from myself, but I'm happy with how I just kept plugging away and in a sense kind of got my reward with how I finished.

It feels surreal to win, let alone the kind of place as iconic as this.

**Q. Not only surreal, but also as a brand new parent and the responsibility that comes with that. Did it give you any brand new perspective as you competed?**

TYRRELL HATTON: To be honest, I thought no matter how today went, I'm still going to be home tonight, and I'll walk in to a crying newborn, and I'll be doing nappies tonight. That was going to happen regardless.

I'm really excited to get home to Emily and our little girl.

**Q. Means more than anything else. Congratulations for this.**

TYRRELL HATTON: Thank you.
