Quick Quotes

Q. Been a good week for you.

TALOR GOOCH: Yeah, thank you.

Q. Obviously carrying over some momentum. How do you feel?

TALOR GOOCH: Yeah, it's just good to see -- like I said in Spain, good to see all the work I've been putting in, we're getting some results now.

So hopefully we can keep building and have another great finish to the year the next three events.

Q. Wanted to ask you. You kind of had the same form as Joaco is showing right now two years ago. What's that like?

TALOR GOOCH: Yeah, you try to bottle it up and make it last for as long as you can.

He's obviously a phenomenal player and I don't foresee him slowing down any time soon. Yeah, you enjoy it. You don't take good golf for granted. When it's easy it's a fun game.

Q. But when you're on the other side, how do you stop that?

TALOR GOOCH: Shoot, if we knew that we would all write that book. Yeah, that's where you have to have good fundamentals and good foundation of where your game is at and who you surround yourself with with your team. That's going to make the low times hopefully not last as long and easy to get back on the good side of things.

Q. One last question. I think you're still within touch of maybe getting within the Top 3.

TALOR GOOCH: Yeah.

Q. How much is that an incentive?

TALOR GOOCH: Yeah, after winning last week, my coach and I talked about that. I don't think we're going to be able to catch Joaco or anybody will be able to, but, yeah, we just gave another good crack at it, so hopefully we're still with this shooting distance and we can have another two good tournaments coming up and get inside the Top 3.
