Lucas Herbert

TV Interview

Q. Herby, you seem extremely comfortable out there out in front. Had a few wire-to-wire wins in your career. What makes you such a great front runner do you think?

LUCAS HERBERT: I don't know. You might be a better judge of that than me. Look, I enjoy it. I enjoy being in the lead. It's been awesome to play with Bryson the last couple days and get to play with him again tomorrow.

It's a great energy out there. Any time when you're in the lead you get good energy. Yeah, really enjoy it. I think maybe playing under pressure brings the best out of me.

Q. You mentioned Bryson and Tyrrell. You know those two players can go really low, can go on a streak tomorrow. Is that going to change your approach and mindset going into the final round?

LUCAS HERBERT: Yeah, look, the weather looks like it might be dicey tomorrow so it's probably going to be one of those days you kind of got to stay patient with what you're doing and get caught up in that.

You can't play match play against these two guys too much. They're great players. If they get on a run like I've just seen our captain Cam do on the back nine, not a lot I can do about catching them.

So I am going to do my best just to stick to what I'm doing, try and make as many putts as I can. I wasn't happy with my speed out there. I was a little tentative today. That's not going to happen tomorrow. I am going to make sure I get the ball to the hole and get a lot more chances.

Q. Good luck tomorrow. Look forward to watching you again?

LUCAS HERBERT: Thank you.
