TV Quick Quotes

Q. I don't know where to begin. I don't know what I just saw. Was there a consistent theme to the internal dialogue that led to this kind of performance this week? What were you thinking?

LUCAS HERBERT: I don't know. I think last week gave me a lot of confidence that I can mix it with the best guys. Just wanted to really carry that into this week the best I could. I think I got out of my own way the first two rounds and I started thinking about it yesterday.

Yeah, it was just good to play like that today when I was being pushed by two of the best players in the world.

Q. I remember vividly following you when you won your first event on the PGA TOUR in Bermuda. On that final hole, you were visibly nervous on your second shot. You looked like you were immune to nerves all week long. How does that come about?

LUCAS HERBERT: I think it was a bit of a trick in hiding it. I was definitely feeling it out there. I can only do what I can do. I was able to take care of what I needed to do today pretty well to get me over the line. I knew it wasn't going to be a day where even par, 1-under was going to get it done for me. I knew I had to go out there and get it. Just kept pushing myself the whole way, and here we are.

Q. Did you ever hit some shots, notably the bunker shot in addition to so many others this week, where you just shook your head, like, I can't believe how good this is going?

LUCAS HERBERT: There's definitely a lot of shots -- I can think of the first shot on 10, I kind of pull one, and you're asking for it to get a good lie in the hay, lands in the rough and kicks all the way down there, you get on the green and make eagle. It was one of those weeks, just when you needed a good break.

I think of the 6th hole today up the hill, the par-5, it finishes half a foot inside the short stuff and I can get it greenside.

I'm looking at the lie, a foot right of that, and it could have been a load of trouble.

I played great this week, but also, I got a lot of good breaks, which is really nice. It's good to take advantage of those when they come.
