**Talor Gooch**

TV Quick Quotes

**Q. Talor, your very first birdie arrived on the 15th and your only birdie for today. Do you feel like you played better than your score?**

TALOR GOOCH: I had a lot of good opportunities on the greens and just couldn't get anything going. I was leaving putts short all day. It was still a good day. I hit a lot of fairways. Anytime you have a bogey-free round on a course like this, it's a good thing.

**Q. (Indiscernible) all year this year. How frustrating is it, and how difficult is that to stay within yourself the entire year?**

TALOR GOOCH: Yeah, especially with kind of the season starting and you don't have a bunch of tournaments early or in the middle, you slow your way into the season, you feel like you have to get off to a hot start. To not really get a lot out of my game the first few events was frustrating, but you know what, we have a good chance tomorrow to see if we can get more out of it tomorrow.

**Q. It's been 11 months since your last win in Andalucía, which is where we're heading to next week. I know you're very much a process guy. What's that process going to look like from now until you tee it up tomorrow on the first tee?**

TALOR GOOCH: There's a big game tomorrow at 9:30 our time that I'm going to be watching and sweating out, so I'm going to be sending a lot of good vibes to my Thunder back home, and then that'll probably get all my nerves out of my system for the day, honestly. No, I'll go get a little bit of work in tomorrow before the day gets going, and just same process.
