TEAM CHAMPIONSHIP

Q. (On being down an individual champion.)

TYRRELL HATTON: Yeah, it was always going to be hard with Jon not playing, especially when all four scores count. That being said, it's still disappointing to finish last out of the four today. Yeah, it's just a frustrating way to finish.

Q. Is it easy or hard to not play the what-if game for you?

TYRRELL HATTON: No, I mean, you just deal with what's in front of you. Everyone tried their best, and unfortunately the scores weren't good enough.

Q. Your first year on LIV, individual win, team tournament wins. How would you sum it up? Did you have fun?

TYRRELL HATTON: Yeah, it's been good. Yeah, it was nice to win again as an individual. I think it would have been a nice way to finish the year doing better this week, but it's been an interesting year, some new experiences, and yeah, we look forward to next year.
