Q. Seemed like the afternoon wave was a little bit tougher. How much extra pressure does that put on the afternoon wave?

JEENO THITIKUL: Yeah, I don't think it's any pressure comparing to other players. I mean, I knew from last year it's kind of makable courses here, and then but I'm not think it's going to be that makable for Lyds.

I think she play incredible golf as always. Maybe putt in from everywhere I guess when your day is your day.

And then I don't know, just trying to do my best as well. I know it's easy but just golf. You know, like you got some easy days, some good days, some so, so days.

Q. Talking about putting, it was tough out there on the greens for you. Burning the edges, especially the one on the last. How frustrating was it?

JEENO THITIKUL: I don't think I frustrating because I think it just not, you know, like makable range. I think obviously I don't have that close putt that much today. That's why I can't make lower score than this.

But I know I putted good, it just kind of far putt, as always. That's why. So it's not getting any frustrated from there. You know, it might be good if it went in.

Q. Does that change your game plan at all?

JEENO THITIKUL: I try to see the green because I think it green because I think the green sometime it's bounce, maybe in the morning it's softer. Like if it's softer and then we can be aggressive.
