Quick Quotes

Q. Joined by Jenny Bae after her second round at the Ford Championship presented by Wild Horse Pass. Very solid 7-under from you, bogey-free. Take us through the round.

JENNY BAE: I think today was one of the most calming, just the normal round of golf that I ever had in a while.

I felt like everything just kind of clicked. I'm over the ball and I kind of already can visualize the line it's going to take. I just felt like it was a really easy day.

Q. Played the afternoon wave yesterday, right? Didn't see a ton of scoring like in the morning yesterday. Obviously a lot of scoring. Have you noticed a big difference playing in the morning versus the afternoon?

JENNY BAE: Aside from the heat, not really. For me it's just the same golf. Every day is a similar golf that I play, so I didn't really see a big difference.

Q. You've really taken advantage of the par-5s: Two eagles, a birdie and I think pars on the rest. What's been the key to success on those par-5s?

JENNY BAE: It really helps that the dry heat allows me to hit it a little further so I have a lot of shorter clubs in.

But just hitting it really straight, having confidence in my longer shots just really helped today.

Q. How does the game feel? Obviously we're still in the beginning of the season. A few tournaments in how does the game feel?

JENNY BAE: My game feels really good. Obviously things I can always improve on, but as of now I feel really confident going into the weekend, and just I hope it's good.

Q. Then very packed leaderboard at the top. What will it take this weekend to put yourself over the edge and

hopefully come away with a win?

JENNY BAE: For me the biggest key is just to stay patient out there. There is some times the ball will drop and some times it's not. I feel like if I can have good composure out there then it'll be okay.

Q. You got three eagles so far. Is this the most amount of eagles you've made, or what is the most amount of eagles you've made, if you know off the top of your head?

JENNY BAE: I don't know off the top of my head. I think this is cutting it really close. Hopefully I have more coming.
