## Lydia Ko

### Quick Quotes

**Q. Here with Lydia Ko. Another solid round. Bogey-free weekend, as you said to Amy. Just evaluate your week out here.**

LYDIA KO: Yeah, overall I think I played really solid. It was kind of a week that I feel like could have been better, but, you know, I feel like you can say that at any week.

But it's been a fun week. Played better than I did last year, which was nice. I love seeing the fans out here. I think this weekend was one of the best crowds we've had in a while. Nice to kind of play in front of them.

Yeah, I think it was solid, and hopefully a good momentum going into next week.

**Q. Just finally from me, been knocking on the door. You've played so good. Amy mentioned it this year. How do you stay patient and let that win come? Because it's coming.**

LYDIA KO: I'm just trying to do a good job of what's at the present. I think I've been in contention and then tried to chase it and realized me trying to chase it is not going to get the job done.

Yeah, I need to be focused and in the shot and in every moment, but I think that's more important to be right there, embrace the moment, do a good job of that, and let the result and everything take care of itself.

Yeah, I'm hoping to have another win by the end of the season, but all I can do is keep knocking on the door and hopefully that door opens. It's been one of the most consistent seasons I've ever had. I think I've had more Top 10s than maybe when I was world No. 1.

So it means I'm trending in the right direction, so trying to do the job that we have been continuously doing, and just enjoy it and have fun out there.
