### Quick Quotes

**Q. All right, here with Liqi after her second round. Just talk about what the differences were today in today's round versus yesterday.**

LIQI ZENG: My irons were not as solid as yesterday. I still had some chances. Missed some short putts. Had three three putts. All around, much to be desired.

**Q. How would you compare the course conditions today versus yesterday?**

LIQI ZENG: It was very calm in the morning so there were some good chances on the front nine, but then the wind picked up on the back. It was tough.

**Q. And after today's round, anything you're looking to go work on before tomorrow's round still being in a good contention spot?**

LIQI ZENG: Everything.
