Quick Quotes

Q. Really good round today. 3-under finish.

SU OH: Yeah.

Q. How did it go? Talk me through it.

SU OH: I hit the ball really well today, so luckily no three-putts, which is good because the greens are really quick here.

So just holed a lot of six-footers, which always helps like to save a par, and then chipped in on the first hole, which was the 10th.

Q. Huge.

SU OH: Yeah, so just kind of good momentum in the beginning.

Q. Yeah.

SU OH: And I hit it over the back on 18. Just like a really good shot, but just tricky. I just thought that was in a bit unlucky. I was thinking of the front of the green and my ball was (indiscernible - wind). Pretty solid.

Q. Yeah. You said putting very critical out here, fast greens. How can you compare this course to Columbia Edgewater?

SU OH: I think they're just very different. Obviously very hilly here. Columbia is always in great condition as well. This one also is in pretty good condition.

I think it just depends on the weather. We haven't putted on greens this fast in forever, since we were just in the U.K.

So it was definitely a bit of a shock. You just have to leave it below the hole.

Q. Yeah. Was there a stretch of holes out here that you felt or feel particularly comfortable on or feel like

you can go out and attack?

SU OH: Not really, I would say. Like I think I just take -- like if you hit a good drive sometimes you have a shorter iron in, so I think you just have to try and do well with those. Yeah, not really.
