Q. Brooke, I think back on your history here in Portland to '15; you got the first victory here. What do you remember from that year?

BROOKE HENDERSON: I mean, that was a dream come true. I won my first LPGA Tour event, got my card the next day. Just amazing memories at this place. I have a lot of work to do over the next two days, but I'm excited to be playing the weekend and hopefully just make a bunch of birdies.

Q. You played in the afternoon; now you played in the morning. How much different does this course play?

BROOKE HENDERSON: Yeah, it was a big change late yesterday afternoon to this morning. A lot softer. Had to really adjust on a couple holes. I was hitting 3-wood yesterday, had to hit driver. Just trying to play smart around here, and I feel like Brit is keeping me in line for the most part, which is good.

Yeah, just so many amazing memories. I love this golf course and I love every tee shot, so hopefully the weekend will be kind to me.
