## Peiyun Chien

### Quick Quotes

**Q. Okay, here with Peiyun Chien after her second round at the The Standard Portland Classic. Talk about the past few days of play out here?**

PEIYUN CHIEN: I think I have really solid two days. My friend, Jessica, she's here with me. I just tried to change a little bit my game, like really focus every shot because I think too much about the result this year, so very care about score.

So really focus this moment; I think I did very well.

**Q. Yeah. What's it been like to see some of those low numbers? You had 5-under yesterday and 3-under today. What's it been like to see low numbers?**

PEIYUN CHIEN: I think it's stay patient, because if I didn't make the birdie like two holes, three holes, I would very angry and slam something.

I just kind of change my mind. Just keep playing.

**Q. What do you like about this golf course? It seems like some of the tee shots are very narrow. How do you stay focused and enjoy the course?**

PEIYUN CHIEN: Actually every time come back here I was feel very challenge. It's not easy course, but the score is very low every time. So just need to commit every shot, like what you want. I think I should get a membership here. This is good for practice.

**Q. And what have you been working on most in your game?**

PEIYUN CHIEN: I believe it's my putting speed. Yeah. That's pretty hard.

**Q. And how have you been practicing that? Certain drills or anything?**

PEIYUN CHIEN: Not really. I'm kidding. Yeah, just need to practice like (indiscernible) is basic speed you have to

use and change a little bit stroke.

I think it really helps.

**Q. And you have the same putter?**

PEIYUN CHIEN: No, I change it. I change to lag putter this week. (Indiscernible) so actually I change my grip. Really softer and a little more wrist.

**Q. What grip did you change to?**

PEIYUN CHIEN: Like this.

**Q. Like that? So right-hand low? So like Scottie's?**

PEIYUN CHIEN: Yes.

**Q. How do you know your friend that's caddieing this week?**

FRIEND: We know each other a long time. I stay behind the scenes.

**Q. Yeah. How do you know each other and maybe why did you ask her to caddie?**

PEIYUN CHIEN: I just think I really need someone to talk with me on the course like with Mandarin. English to me is a little sometimes very hard to me, so Mandarin is way easier.
