Portland, Oregon, USA

Columbia Edgewater Country Club

Pajaree Anannarukarn

Quick Quotes

Q. Okay, here with Pajaree after her second round at the Standard Portland Classic. Speak a little bit about how you played today.

PAJAREE ANANNARUKARN: I would say it's been a great day out there. Played really decent off the tee, approach, and gave myself a lot of good opportunities.

Just I think another day in the office.

Q. And can you speak to the back nine and that stretch of holes?

PAJAREE ANANNARUKARN: Another good day in the office. Correct that.

Q. Can you speak to those holes on the back nine, the eagle and three birdies in a row. Anything about those holes in common or anything that you just really did well during that stretch?

PAJAREE ANANNARUKARN: I think it's a reachable par-5, so a good opportunity, so just trying to keep yourself in a good spot there. And I think the wind was a little down off the tee so that helped, very benefit for the second shot. So I had a hybrid in and had a really good read and good speed there.

I think it gave me good momentum going to the last five holes, some like scoring holes the last five holes on the front nine, so that really helped.

Q. How nice is that, too, before heading into tomorrow to kind of finish your round on that note?

PAJAREE ANANNARUKARN: I think just really gave me a good momentum. Honestly, I feel like I tried to just play and focus on my shot and my (indiscernible - plane) and I think it's been going well so far.

Hopefully will keep that going and be patient.

Q. Yeah. And how do you compare your stats today?

Did everything feel similar compared to yesterday or any differences for you?

PAJAREE ANANNARUKARN: I think the course play a little different because it's a little cloudy today and more windy, more wind. I think especially last couple holes I think the wind picked up a little bit, but just (indiscernible) on the scoring hole, the last five, I think that helped. Still have a short iron in.

Overall I think it's been a good day out there. Just really play one shot at a time and stuck with my game plan very well.
