Quick Quotes

Q. All right, here with Linn Grant; top 5 finish looking like right now. Speak to this week and how you felt you played.

LINN GRANT: Really fun week overall. Feel like I'm heading into some sort right direction, which is always nice.

Like I said yesterday, just always fun to come back here. Love this course. It kind of looks like it on my score, too, so it's fun.

Q. What are your main takeaways from this week mentally and with the swing?

LINN GRANT: I think like for my mentality it's just been nice to kind of be able to like see my vision like come alive sort of; kind of see the shots I'm thinking and actually seeing them happening, too and be able to, you know, really play with much more joy and more relaxed than the last couple months.

So, yeah, it's been fun.

Q. You played with Gurleen who also played really well this week. What was that like, to make some birdies out there today and just positive vibes?

LINN GRANT: Yeah, it was really fun. I never played with Gurleen before. I'm sure she will be up here a lot, so it was really fun to get to know her a little bit and it always makes it easier when you're playing with someone who is also playing very well.
