Arpichaya Yubol

Quick Quotes

Q. All right, joining us after the second round of the 2026 Standard Portland Classic is Arpichaya Yubol. Only 24 putts again today; 23 yesterday. Can you just talk about your putting out here?

ARCHIPAYA YUBOL: All right. It's pretty good day for my putter. Just the last hole just a little bit. And, yeah, so it's kind of same yesterday. I'm hit like my wedge, like short game pretty good and I can also make a birdie from par-5.

And then I tried to make on the green many hole, just make the chance for yourself to make a birdie. And, yeah, it's good day. It's kind of same yesterday.

Q. You only had one bogey through 36 holes. How are you minimizing mistakes?

ARCHIPAYA YUBOL: It's golf, so it's always happen. So for me, 36 hole just one bogey is amazing, so just a little bit of golf like always happen. Like you can make birdie, bogey, or even like double, but just how to manage your thinking, just keep like positive thinking, you still have two more day, and, yeah, just keep playing.

Q. As of right now you're clubhouse leader. Is this a position you feel comfortable in?

ARCHIPAYA YUBOL: Yeah, I mean, this course, like everything is happen, so I'm play morning today, right, and still have another player play in the afternoon. So by now I'm happy for the leader, but it's golf, so it's going to be someone like going up or like hit better than my score right now. Is that happen and then still have two more day and then we'll see what happen on the golf course, yeah.

Q. Last one: You have hit almost all of your fairways this week. How much do you think that has helped you?

ARCHIPAYA YUBOL: How can I say? It's help me a lot, but, you know, fairway is pretty soft sometime when you like it's pretty good, but the ball is not release that much. Sometime you still have like longer shot a little bit.

But it's better than in the rough because like you can hit like the ball like be aggressive sometime to the pin. And then, yeah, two more day, just keep the ball in the fairway and then keep putting, yeah.
