Galloway, New Jersey, USA

Seaview, A Dolce Hotel

Jaravee Boonchant

Quick Quotes

Q. Okay, here with Jaravee after her first round at the ShopRite LPGA Classic. 5-under; you made that birdie on the last hole today. Can you talk about how it felt for you.

JARAVEE BOONCHANT: Yeah, I think today overall my driver is really good so I put myself in very good position to go on the green. Obviously the irons do the work too and putting rolling pretty well, so I'm pretty happy with what I finished today.

Q. Can a little talk about patience. Maybe out here a lot of players have mentioned how you have to be patient with the wind conditions. Is that how you felt?

JARAVEE BOONCHANT: Yeah, definitely, especially when I'm playing on the last group in the afternoon so the green get quite bumpy. I think you just need to trust the process, do everything you could do, read the line and try to get the speed right and just be patient whether it's in or not.

Q. What do you like most about this golf course? Is there a way that it suits your game at all?

JARAVEE BOONCHANT: I think this golf course looks easier than it actually is. I think the winds play a lot of -- come into play quite a lot. Just like depend on how windy it could get and this could be a totally different golf course; also like I said with the green conditions.

It's rolling very nice this year compared to the past, but you can still have like that a little like trickiness on the green and you really need to pay attention to and just need to be patient and keep doing the work, yeah.

Q. What do you keep in mind for a morning round tomorrow?

JARAVEE BOONCHANT: I just try to stay with the plan, trying not to think too much, not thinking ahead, trying to stay in the present and doing all the routine and doing all

what I do today.
