**Q. Linn, that was quite the champagne shower you got. Very well deserved. You had to wait two years for the second victory on the LPGA Tour. How satisfying is it for you to do it in front of one of your mentors and legends of the game, Annika?**

LINN GRANT: Very satisfying. We were talking about it yesterday how full circle it is. I mean, I've been talking about it in media all week. I've been playing in her events, and it's just so fun to obviously win anything, but to stand here with her tournament.

**Q. And you were playing against Jennifer Kupcho pretty much all day today. Did it feel a bit match play to you?**

LINN GRANT: It did, especially on the first nine. We were going back and forth and giving each other thumbs up. I mean, I'm glad she was playing well because I think that really pushed me to play better.

And overall I just had the thought of like whoever wins is going to have done a really good job. So, yeah.

**Q. Many congratulations. Two-time winner on the LPGA Tour.**

LINN GRANT: Thank you.
