Q. So four birdies and an eagle. Take me through the eagle first on 17.

CELINE BOUTIER: Yeah, I had 195 meters to the pin and then I hit a 3-hybrid onto the green about maybe 30 feet or so and made the putt, which was really nice, because I felt like my putting was not the strongest part of my game today.

It was nice to finish out the round like that.

Q. Overall how do you feel you performed this week at Tiburon?

CELINE BOUTIER: Pretty satisfied. I feel like it's one of the strongest fields that we have. It's kind of like our sixth major really. So I feel like coming ahead of this week, I mean, Top 3 is obviously good result and really positive.

I feel like I could have improved even a few shots, so I think I'm just going to try to get some confidence from that, and then really happy to be able to finish the season on a high note.

Q. How would you assess your year overall?

CELINE BOUTIER: Super happy with my year. I feel like getting my second wind on tour has been huge for me. Finishing the season on the Top 3 I feel like is really positive, too.

So I just really excited for next season and try to be even better.

Q. Off-season plans?

CELINE BOUTIER: Not really. Just relax. Stay away from golf maybe, if I can, which is pretty hard for me.

Yeah, just going back to France in a few days and just kind of take it easy.
