

# CME Group Tour Championship

Thursday, November 16, 2023

Naples, Florida, USA

Tiburon Golf Club

## Nasa Hataoka

TV

**Q. Here alongside Nasa Hataoka. Took advantage of that four inches of rain we received here on site last night. How were you able to use that to your advantage today?**

NASA HATAOKA: Yeah, I feel fairways and greens really soft, and I hit some shot I pushed but stays on the fairway, tee shot.

Yeah, it works really good.

**Q. This isn't the first time you've gone low at Tiburon Golf Club. Back in 2021, finished runner-up. Back to back rounds of 64 on the weekend. What have you learned that have to do well around here go so low?**

NASA HATAOKA: This golf course is really wide fairway, so stay aggressive, and this greens a little bit difficult with grain, but my read is getting better each year.
