Q. You had a very good day today. Bogey free. so please tell us how you played today.

A. Overall, it went well today. Also, I could read the direction of the wind well today. So there was a good result.

Q. Talk about this golf course. Very big, long, windy.

A. It's really windy here. And sometimes there's a gust wind. I think it's a place where you have to play smart because the greens are firm.

Q. Finally, Hawaii is always fun, not just for a work but also play. What are you like to do or eat in Hawaii?

A. Oh, the sea is really pretty here. There are so many turtles. This week's accommodation is right in front of the sea, so it gives healing for me. So pretty.
