## HSBC Women's World Championship

**Q. What a fantastic round. What is it about this place?**

INBEE PARK: I think this golf course really suits me. I think this golf course is not overly long, and that really gives me some good advantage of playing with the long hitters.

And, yeah, the course is playing really good for me. I mean, it has over the years, and it is this year as well.

**Q. And what was it about your game today that you're particularly pleased with?**

INBEE PARK: Well, I think everything was good today. Except for the final hole. I hit a mis-shot with the hybrid, but that was pretty much my only mis-shot out there today.

**Q. And you're pretty good because it looks like there might be a storm, so nice to get finished.**

INBEE PARK: Yeah, I mean, I looked at the storm, and it looked like it was coming close. But I'm glad that I finished today, relaxed well today, and look good for three days.

**Q. How do you find the course?**

INBEE PARK: Yeah, I mean, a couple of holes got longer. And I think it doesn't really make that much of the difference. I think it still plays quite fair. And, yeah, the course is playing good.

**Q. And you said the other day the season starts here, and it really has today for you.**

INBEE PARK: Yeah, I mean, I feel like I warmed up nicely in Florida for those three weeks, and I don't feel like I'm rusty at all. So that's a good feeling coming into this week.
