## In Gee Chun

### Quick Quotes

**Q. So after a quiet round yesterday, you had a very eventful round with four birdies on the opening nine. Can you talk about how you changed things from yesterday?**

IN GEE CHUN: So I'll say I got a spasm in my neck yesterday during the round. So it was bothering me a lot. And before I start today, I hopefully just finish the round. So it worked really well. So I'm so happy to make finish today.

**Q. And I saw you yesterday. How did they get it fixed? How did they make it better?**

IN GEE CHUN: So we have physios here, so she came to the course during the round, so she's trying to help to fix it. But the spasm was quite like strong. But it felt better, but still it's on my neck. So before I start play, I just try to stretch a lot and then took some Advil before start.

**Q. And do you know how you did it? Was it flying or was it an injury?**

IN GEE CHUN: No, it was not injury. And then I'd say before start first round, I felt really good. And it just came on during the round. Maybe I had a bad -- not a good sleep, bad posture. But I'm not sure. Just it happened.

**Q. And so you're obviously playing really well. You had like six birdies today?**

IN GEE CHUN: Yeah.

**Q. So it was just like freeing up, the injury, to still get you to playing better?**

In Gee Chun: I tried to make finish today and then just trying to make good focus every tee shot. So first thing, I'm really happy to finish today. And hopefully I feel much better tomorrow, then I can like play well.

Today I just trying to do my best during the weekend and I want to stay where I am.

**Q. And was it okay on the putting and sore on the driving, or everything?**

IN GEE CHUN: It's really bad. So when I check the distance, and then look at the hole, it's painful. It was quite really bad.

**Q. So did it affect your length, or just everything because you just felt rotten?**

IN GEE CHUN: It was during the backswing, I can't go like full backswing. So I try just quarter swing for shots today.

**Q. So a bit proud of yourself to be able to adapt to difficulty.**

IN GEE CHUN: Yeah.
