## HSBC Women's World Championship

**Q. Well, another great week for you here in Singapore. I know you were feeling close there, it was getting close there at the end. How do you feel after you finished?**

ATTHAYA THITIKUL: Well, I would say this week is pretty great. As I said before, it's not my A game all along. But I would say it's good enough for me for like changing equipment, start the year earlier with like LPGA members, and then everyone it's like eye on me, pressure is on me.

But, yeah. All good for this week. Good enough.

**Q. You've had great success here. Would have been cool to have added another title to your trophy at Sentosa. Overall, what it's like to come back here? Good memories at this spot?**

ATTHAYA THITIKUL: Yeah, it's always amazing feeling to be back here in Singapore. So I feel like home. I feel like Thailand, all the winners, people, food, everything. It's like feel like home. And definitely want to come back here again in many more years.

**Q. And next week, going to Thailand, to play in Thailand for the first time as an LPGA Tour member, are you excited?**

ATTHAYA THITIKUL: Really excited. Really excited about that. And then, you know, like just be home and first time as pro as LPGA member as well. So should be fun.
