Quick Quotes

HSBC Women's World Championship

Q. You had a good round today. How do you feel about today's play?

HYO JOO KIM: Based on today's score, it was a very satisfactory round. Of course, there were some bogeys, and it would have been nice if it was no bogeys. But I didn't feel bad because it passed the hole and wasn't short. I think I finished the first day well with a good score today, so I had confidence for the remaining three days.

Q. What do you think is today's highlight?

HYO JOO KIM: Was there a highlight today?(Laughs) I did a good job of all birdies I made, but I think I did the best on the par-3 17th hole. It felt like a long par-3 hole because of the headwind, but I had a good tee shot and putted well. So I think I will pick this hole that finished with a birdie as the best.

Q. You have a good score and position on the first day, what is your strategy for the remaining three days?

HYO JOO KIM: I hope I can make the shots I want and putts I want, the number of putts I wanted, and greens in regulation will develop day by day. And I hope I can do well this week.
