## HSBC Women's World Championship

**Q. After the first round of the HSBC Women's World Championship is Linn Grant, 4-under today. Can you talk about what went well?**

LINN GRANT: I just felt really confident out there. I felt like last week my game is heading in the right direction, even though Sunday wasn't what I way hoped for. Going out today, I had that confidence with me. I just went with a lot of patience and had both my fingers crossed for the putts to roll in.

**Q. The scores are pretty bunched together out there. What do you think it might be about this course that's a little trickier?**

LINN GRANT: I think it plays really long, especially the par 5s. Doesn't really get into the momentum as easily. I think it plays long.

**Q. You had an exciting win last year. How did that set up your goals for this season?**

LINN GRANT: It helped me relax a little bit more going into the season. I'm going in with a bit more confidence, and I just feel like I know what I'm doing and I'm good enough to play out here.
