Quick Quotes

HSBC Women's World Championship

Q. A round of 64, right in contention. What was the difference between yesterday and today?

MINJEE LEE: I think just I holed a few more putts out there. I holed a few long ones and I also holed out for eagle on the second. That always helps the score.

Q. Talk us through that second shot on 2.

MINJEE LEE: Obviously I couldn't see it going in but I heard the roars. It was a nice number and it was a nice shot in.

Q. Your first event in 2026. What have you done in the off-season? What were you working on? Any changes in the bag or set up for this year?

MINJEE LEE: Not too much. I haven't done too much differently but I had a whole bunch of time off this year. I think it's probably my longest time I've ever been away from golf. I've obviously been training. I also put in a new driver, so that's in the bag this week.

Not too much differently. It's my twelfth year on tour now.
