### Quick Quotes

**Q. Joining me ahead of the 2026 Honda LPGA Thailand is Lottie Woad. Can you talk about how excite you are to start here for the first time?**

LOTTIE WOAD: Yeah, I'm excited. Never been here before, so it's always cool to see another country. Course is in great conditions and heard the fans will be really good here. Expect there will be a few crowds out.

**Q. You're played a practice round. Talk a little bit about the course and how you think you'll approach it.**

LOTTIE WOAD: Yeah, I think off the tee it's pretty straightforward. It's more the green complexes. Just got to hit it in the right spots. There are a lot of tiers. If you get it in the right sections then you should have a good few chances.

**Q. First full season as a professional. How do you think you've learned and grew at the end of last year and what are you looking forward to with the full year?**

LOTTIE WOAD: Yeah, I think I learned a lot about kind of preparing and kind of planning my weeks in tournament and off tournament as well, just managing all that. Kind of working out how many events I wants to do in a row. Stuff like that scheduling-wise.

I'm excited to kind of know what I was playing this year. Last year was trying get the card and work it out from there, so it's nice to think ahead a lot more.
