Quick Quotes

Q. Joining me here today after the third round of the Honda LPGA Thailand is Hyo Joo. You are leading in fairways hit. Is your driving and approach off the tee something that you have been working on?

HYO JOO KIM: (Through translation.) I think I was able to really hit all of them and I think that was really able to lead to all my birdies and hits.

Q. Do you feel motivated by the chase during a final round? Do you like chasing down the leader?

HYO JOO KIM: (Through translation.) I think being in first and actually probably the best. I'm in a position where I have to chase, but I think being in that position I can be more aggressive within my play.

I had some mistakes that I made today so tomorrow I just want to be more aggressive and hopefully finish first.

Q. You're in your 11th season on tour. What have you learned from your years on tour?

HYO JOO KIM: (Through translation.) I think 11 years honestly flew by. Obviously there are hard times and times where things go well but it honestly just flew by.
