Quick Quotes

Q. Nice to join me here coming out of the nice warm comfortable confines of the clubhouse to be out here in the blowing wind and rain. What was it like? How were the conditions just before they blew the horn?

ALLY EWING: Yeah, we actually had the sun come out for a few minutes like 20 minutes before this cell kind of popped up.

The golf course, I think the drainage that they did, I think they did work to make sure the course drains well, so we obviously have not seen any really, really wet conditions. So the course is still (indiscernible) even though we got some rain.

Q. Is it frustrating? You just have two holes left on your day, 5-under through 16. What's that impact of that going to have?

ALLY EWING: Yeah, it's just kind of what it is. Nothing you can do about the weather. Yeah, two holes left. We made it through a lot of the day. I think we avoided some of the stuff we saw early this morning.

So, yeah, we'll just go take it easy and then be ready to finish the round.

Q. How do you spend your time now before heading back out?

ALLY EWING: Just go chat with my caddie, some friends up there. Maybe get a snack, get some lunch. Just kind of let the weather pass. I don't know. I see some cards up there. Maybe we'll play some cards.
