## So Yeon Ryu

### Quick Quotes

**Q. Round of 65. Must be really nice to be back in contention and for a major championship.**

SO YEON RYU: For sure. I haven't played really well and then I haven't been in contention for, I don't know, maybe over a year, so I'm really excited to be in this position.

And then, you know, at the same time, I'm a little bit nervous. But all I can do is focus on what I can do. I'm just going to do some like putting work today and then hopefully I can play well tomorrow as well.

**Q. And you'll be in the final group. Now only two shots back. Is that significant to be in that last pairing?**

SO YEON RYU: I think two shot back is definitely better than three shot back. I'm in a little better position.

But I think today my tee shot was much better than first two days.

And then my iron shot has been pretty great. I'm pretty satisfied with that.

And then I should say I am pretty much satisfied with all of my game right now. Only thing I can improve a little bit is I think the putting as well.

So to winning a tournament you definitely need to reduce the mistakes, so I just want to do some putting work to make sure I'm going to hole a lot of putt tomorrow.

**Q. It's kind of nice to hear a player is nervous. Do you acknowledge those feelings?**

SO YEON RYU: Yeah. You know, I think every time when I'm think about it I think I'm going to get a good (indiscernible).

And then I actually talked to a lot of players who retire and they say they don't miss anything but being in contention. They said we don't ever feel like that.

So I want to enjoy as much as I can.

And then just being here is really, really wonderful, but if I can hold the trophy it's going to be amazing.

**Q. So you had a really solid day today. Tell me the story of your round. Were you putting it close? What were you doing?**

SO YEON RYU: Like I said, I think compared to first two days my tee shot has been really, really great today.

And then just throughout the year my tee shot has been a problem, so I feel a bit of relief I can actually hit more fairways.

And then I hope I can continuing to hit a lot of fairways.

And then like I said, again, I'm pretty much satisfied with my iron shot. I'm playing quite aggressive, and I think if I can make many putt as I can, I think I have a good chance to win the tournament.

**Q. We hear these greens are just incredibly difficult to read. Can you explain what it's like out there to try and read these greens?**

SO YEON RYU: I think because it's still fairly new, I think they built this again 2015.

**Q. Okay.**

SO YEON RYU: So I feel like every time when I come here the surface is bit of change all the time, so even though I draw the line at my old yardage book, it's sometimes not really helpful.

I feel like I'm just been here many times to know like what it's like, so I really try to feel it instead of try to make it -- try to be perfect.

**Q. What are you going to do tonight? Are you going to think about tomorrow, strategize?**

SO YEON RYU: You know, these days I really practice not to think about the future or like not to think about like behind.

So I really practice a lot to think about present. Once I

started think about the future I just get this tendency that I start to worry too much. So I think that's the last thing I want to do.

I don't know. I probably just going to think about what I'm going to do for dinner and then just what I'm going to watch for the night. So I really want to think about the present.
