Quick Quotes

Q. Charley, what a recovery. How did you manage and pull that round out with kind of a tougher start?

CHARLEY HULL: Yeah, like actually I played really well in the pro-am yesterday and started like that and I was like, wow, golf is really frustrating.

Then I kind of just believed in myself and just kind of relaxed out there and took my time and took advantage of the birdies.

Q. We know with the heat you're definitely eating ice cream of course. What do you typically eat on the golf course? I can't imagine it's ice cream very much.

CHARLEY HULL: I didn't eat the ice cream. My boyfriend got it for my caddie, so I held it for a minute when he was putting my club in the bag.

I ate -- I eat every two holes, so I ate just a bite of my bar every two holes and then I had another special bar that I ate over two holes, and then I had this juice thing that I sipped over a couple holes and then I had a banana as well.

Q. How do you stay hydrated? You just sort of mentioned a bit there.

CHARLEY HULL: Yeah, I just drink loads of water on every hole and have loads of electrolytes. I think the key is to eat. Like I always eat every other hole. So I eat on the third, the fifth, and the seventh, and then just every hole in pretty much.

Q. I'm melting and I feel hot, but how do you feel, because you travel round the world in different temperatures?

CHARLEY HULL: Not actually too bad. I kind of like the heat on my back and stuff because I also have a few injuries. The more warmer it is the more I'm able to move. I just don't like humidity and it's not humid, so it's fine.

Q. Were you able to take in the spectacular views on the golf course?

CHARLEY HULL: Yeah, it's really pretty. It's beautiful. Very lucky to be here. It's almost like a little holiday.

Q. I'll just be cheeky and ask about No. 2 as well because obviously that is just like a sheer drop.

CHARLEY HULL: It's a beautiful hole. You need to concentrate because otherwise you just take in the view too much and get distracted.

But I'm pretty starving guys and I got to get physio, so I'm going to shoot off.
