Q. Great playing out there. Convincing victory in your end. A point for you, obviously, in your Solheim Cup debut. Tell us how it was for you.

LILIA VU: Thank you. Yeah, it's been a tough past two days. I felt like I played pretty decent but didn't really add to my team, which I ride for. I couldn't ask for better teammates and better captains. Yeah, it feels really good to actually get the point in today.

Q. After obviously not getting a point yesterday, what did your teammates and your captain say to you to come out and inspire you today?

LILIA VU: That this is the best team we've ever had, and we all have each other's back no matter what, and then we're just going to grind it out for every single point, every half point, everything matters, and, yeah, just fight until the end and believe.

Q. How aware are you of everything else that's going on out on the course today?

LILIA VU: I was trying not to think about it at the beginning, and then I saw some. But, yeah, I'm really pulling for my teammates. Hopefully I get to go watch the next couple holes for them.
