2024

Q. The energy out here is electric right now this afternoon. Stacy, how would you assess what your team was able to do in the morning session?

STACY LEWIS: It was an awesome morning. Ally and Jen, they took that match as long as they could, and that's all you can do in this format. So it was a great morning.

Q. What was your message to your team as you send them out this afternoon?

STACY LEWIS: Just go have some fun, go make some birdies. I love the position we're in. I love the pairings we got to put out this afternoon.

As you can tell, they're having a little fun.
