### Quick Quotes

**Q. Okay here with Hyo Joo after the first round of The Chevron Championship. Great round today; the best so far this afternoon. How would you describe your round today?**

HYO JOO KIM: I played well overall, but because I kind of lost it in the 18th, in the end, I want to get my mindset together so I can play better tomorrow.

**Q. And one last question from me: Only ten putts on the front nine. 24 today and ten on the front nine. What was going so well with your putting today?**

HYO JOO KIM: I didn't know I did ten putts on the front nine, but seeing the numbers now I'm glad and I hope to kind of go with this tomorrow as well.

**Q. You've been out here for about a decade now I guess. What are your big-picture goals? What motivates you now?**

HYO JOO KIM: I've already played ten years, and somebody I really admire is Lydia, and it's because of how long she's played and all of her achievements. I aspire to be like that.

**Q. And then what was the best part of your game at the Ford? What did you hope to carry on from the Ford in terms of ball striking, putting?**

HYO JOO KIM: My all around best was putting from Ford, and also my iron shots. Overall just my putting in general.
