The Club at Carlton Woods

Clarisa Temelo

Quick Quotes

Q. Claris story of two days, no? What worked today that didn't work yesterday?

CLARISA TEMELO: Well, yesterday my putt was not good. Today it got a little bit better. Also today I had more regulations than yesterday.

So also I feel that today the attitude was just like let's enjoy what happens and just give our best.

Q. Do you think that's a natural thing? You come to the majors, it takes a while to adapt to this kind of golf.

CLARISA TEMELO: Yeah, for sure. Like of course I tried not to think about it but like walking in here, like, I don't know, everything is different so it's very hard to forget that I'm playing a major.

Q. Tell me what you take from your week and including your interactions with Gaby and what you learned this week here.

CLARISA TEMELO: A lot of things. Like I feel that this is the week that I have learned the most in my life. Just like being able to learn from all the pros and how everything works in here and all the things that I need to be able to perform in here.

It's just amazing. Yeah, honestly this is the week that I feel I have learned the most.

Q. And going back to the Women's Amateur Latin America, how much was that a factor for you to be here and playing in this event?

CLARISA TEMELO: Yeah, well, that's the reason why I'm here and that's a really great tournament. For me it's one of the most important tournaments.

Yeah, like just being here, it's a different setting playing with the pros and the course plays really tough, so, yeah.

Q. And I see you were in the Xuntas hut. Tell me

about your connection with Xuntas.

CLARISA TEMELO: Well, Xuntas is a program that is trying to develop more Mexican girls to be able to come here and play in the LPGA. They have supported me a lot. They are giving me a lot of opportunities. I am very thankful for them.

Yeah, my coach, Horatio Morales is part of Xuntas. It's called a performance team. Every single one of them they have a role and they'll help.
