**Q. Albatross at the eighth today. Take us through it. What happened?**

YAN LIU: Today this hole is helping wind and I hit a really solid driver on the fairway. Then I think it's 175 to the hole, but it's super downwind so I take my 7-iron.

Then I think landing outside the green and just release to the in and I saw that. Yeah, pretty crazy.

**Q. Have you ever done that before at a par-5?**

YAN LIU: Oh, yeah. I had when I play Epson Tour on the round last hole. I got albatross, too. Actually same club being 7-iron. Yeah, so excited.

**Q. It was very exciting. We were excited to see that pop up on your scorecard today. To bounce back at the closing hole with a birdie to pull ahead of the pack, how important was it to finish strong?**

YAN LIU: Well, I think that's nothing different. Well, but I glad I made the last birdie. Today I saw so much putts so close, but just doesn't. Last hole is my first birdie today. Yeah, so I'm very happy.
