## Andrea Lee

### Quick Quotes

**Q. Here with Andrea Lee after her third round, very squarely now in contention. Just take us through the back nine.**

ANDREA LEE: The front nine was a little bit of a rough start, but I feel like I got some momentum going on the back nine. Made a lot of good putts, had some really solid shots just into the par-5s and some of the shorter holes and took advantage of those.

So pretty satisfied with the way I ended the round.

**Q. You mentioned only 78 putts for you this week so far, the second fewest among the field. Is it your approach? Are you holing a lot of putts? What's working well in that game?**

ANDREA LEE: I feel like I'm just visualizing the putts go in pretty well this week. Just trusting my reads and making decisive, committed putts and good strokes.

Yeah, the putting has definitely been rock solid. Hopefully it will continue tomorrow.

**Q. What's been kind of the mindset this week?**

ANDREA LEE: Wait. What was the question?

STEPHANIE KYRIACOU: How was the company out there?

ANDREA LEE: Company was fantastic. I played with Steph Kyriacou. She's a savage. I love and hate her.

**Q. What's been the mindset coming into this week?**

ANDREA LEE: I feel like my game's been definitely trending in the right direction these last few weeks. I gained a lot of confidence coming out of Utah last week with the first top 10 finish. I feel like my game's in a great place, and I'm really happy putting myself in contention this week.

I love it here at Liberty National. This course, I feel like, just suits me. Hopefully we'll have a good Sunday.

**Q. It's very bunched up on the leaderboard. What's it going to take tomorrow to bring this one home?**

ANDREA LEE: I think I'm going to have to stay really aggressive, just attack the pins when I can, but also stay really patient.

I feel like Sunday golf is always a different beast, tough pins and just the pressure. So I feel like I just need to stay really positive and patient and trust my game like I have been all week.
