Q. What an incredible round. 64 today. What was so magical about your play?

ARPICHAYA YUBOL: So it's still like -- it's feel like unbelievable for me. I mean, like the best round for my whole year and with the hard green, hard position.

But I made it today with a good start, like three birdie in a row, and then keep doing score until I finish 8-under. Yeah, that's pretty good.

Q. Certainly came down to your putter. Talk us through the crazy putts on 16 and 17. Must have added a big smile to your round.

ARPICHAYA YUBOL: Oh, my God, that's really long putt for me. I just keep thinking in my mind like just keep the good speed for like made the par, try to put the ball to get closer to the hole and then made the putt easy.

But this green is make like everything possible. Like even long putt, short putt, everything is possible.

Then I just do my best and then everything happen, it happen. But the ball like keep going as to the hole, and still now I still don't believe in myself like the ball still in the hole. Yeah.

Q. How does it feel now you're settling down? Excited to see your name at the top of an LPGA leaderboard?

ARPICHAYA YUBOL: It's long time ago like I don't see my name like on the top like on the scoreboard. It's really like with the Thai player, like from Thailand. I'm so proud of myself, so, yeah, it's going to be a little bit excited for me; maybe it's long time ago.

But, yeah, it's feel good for me, too.
