Shanghai, China

Qizhong Garden Golf Club

Minjee Lee

Quick Quotes

Q. Okay, here with Minjee Lee after the first round of the Buick. Just talk a little bit about play today.

MINJEE LEE: Yes, I felt quite solid out there. My drivers were pretty solid. Iron game was pretty good as well. I feel like with how the greens are, the condition, I think I managed pretty well, to make, what, seven birdies. So it was nice day for me.

Q. Yeah. There were some stats we saw earlier in the week about my broomstick putter. Seemed to be working today as well. What can you say about the continued progress?

MINJEE LEE: Yeah, I think I just don't have as much pressure with it. Obviously it's freed me up a lot and gives me a lot freedom to stroke the putt. If that is -- if it goes in the hole or doesn't, like as long as I put a good stroke on it I have no other control outside of that.

So I think in terms of the actual fundamentals of it it's quite simple, so I just like the fact that it is.

Q. And couple weeks in a row before Crown and stuff. What are you seeing trending in your game that you've been working on leading up to it?

MINJEE LEE: I've really just been working on all of my game. Just trying to fine tune everything. We have a couple good, great events to finish off the year, so I would love to finish off the year strong.

Yeah, just always working on that 1% better leak I always say, you know, try and get better each day.
