Q. Here with Nasa after her third round here at the TOTO Japan Classic. What were some of the highlights out there for you today?

NASA HATAOKA: Yeah, front nine I played really solid today, but I was not able to make birdie chances on back nine. But I made a great birdie on 17, so, yeah, I play solid today.

Q. What part of your game is working the best right now?

NASA HATAOKA: My swing feels getting better, so my key is shift to the left, so I'm working on that thing on the course, too.

Q. Going to get some rain tomorrow. Does your game plan change knowing how much rain we're going to get?

NASA HATAOKA: I think it's going to be greens softer, so, yeah, I need to spin control then distance control is key tomorrow.

So, yeah, I will do my best.

Q. Last one: What's the mindset going into tomorrow knowing you're tied at the top?

NASA HATAOKA: Yeah, I will be nervous, but I want to enjoy my golf, yeah.
