Q. Here with Miyu after her third round here at the TOTO Japan Classic. What were some of the highlights out there today?

MIYU YAMASHITA: (Through translation.) There were some long putts that wouldn't go in so the afternoon some shots rolled it the left which wasn't good.

Overall I finished last hole with a birdie so that was a good finish.

Q. You've played a lot of golf over the last couple weeks. How are you still able to compete at such a high level despite all the golf you've been playing?

MIYU YAMASHITA: (Through translation.) I tried to switch on and off between the tournaments and especially this week playing in Japan so it's very refreshing. Tomorrow is the final round, but I want to try the best to play as usual.

Q. How much are you trying to win this week knowing it's in Japan and you would win back-to-back tournaments? Any extra motivation there?

MIYU YAMASHITA: (Through translation.) Every tournament I want to compete in the top, but of course tomorrow I just want to try my best to win.

Q. We're going to have rain tomorrow. Is there any change in your strategy knowing we're going to have rain?

MIYU YAMASHITA: (Through translation.) It's going to be some rain tomorrow but just try to stay as usual play, same.
